RMGO-PAC endorses Greg Brophy for Governor of Colorado

Rocky Mountain Gun Owners PAC is proud to announce the endorsement of Greg Brophy for Governor.

“Senator Brophy has been a champion of gun rights in every sense of the word,” said Dudley Brown, the PAC’s director. “We’ve been able to rely on Greg’s leadership at the State Capitol for over 10 years, and he’s even sponsored our trademark legislation, Constitutional Carry.”

RMGO PAC backed up its endorsement with a \$5,000 check and urged its members to donate directly to Greg Brophy for Governor.

“Brophy is the candidate we need against the most anti-gun governor in Colorado’s history,” said Brown. “It’s about time we had a candidate who listens to the wishes of his constituents and defends the Constitution. If elected, Greg Brophy won’t waste any time signing the dotted line on legislation aimed at repealing the radical gun control laws passed in 2013.”

Rocky Mountain Gun Owners-PAC is the only pro-gun political committee in the state of Colorado, and solely dedicated to the Second Amendment of the U.S. Constitution.
